Professor Robert F. Chambers
Brown University
Providence, R. I.

Dear Sir:

While up to my twenty-fifth reunion, Professor Charles Brown of my class mentioned the fact that you were a coin collector. He was going to introduce me to you but did not see you while I was in sight. I am sorry not to have met you and I was wondering whether you would care to become a member of our Society. We publish from time to time monographs on coins, especially ancient, and our building and organization is at the service of members when they care to avail themselves.

Very truly yours

HW C
encs.
